

CASHLESS GIVING

Want to increase cash flow? Why not try Cashless Giving.

- ✓ Multiple solutions offered by CDF
- ✓ Easy to set up
- ✓ Immediate results
- ✓ Versatile to use for events

A smarter way to take payments.

These units assist in engaging with Parishioners who don't necessarily carry cash with them. This in turn helps increase the amount of funds being collected. Moreover, they are versatile. You can change the donation amounts as per your preference or the donor can choose their own amount. They are cost effective and can be used at fund raising events, meetings and even the regular morning tea.

Thank you for your support
